

GRADE 10 CHEMISTRY REVIEW – WORD ASSIGNMENT

Define /answer the following on a separate page.

You may use your textbook, Internet resources, or personal knowledge to complete the assignment.

1. What is matter?
2. What were the four states of matter as proposed by Aristotle?
3. What are the four states of matter that we now accept in modern times?
4. What are the terms used to describe changes in state?
5. What are some characteristics of pure substances?
6. Pure substances can be categorized into two different groups. What are these two groups called?
Define & give an example for each one.
7. Define solution, solute and solvent.
8. What is a mechanical mixture?
9. Differentiate between the terms homogenous mixture & heterogeneous mixture.
10. What is a physical change? Give an example of something that has undergone a physical change.
11. Make a list of physical properties.
12. What is a chemical change? Give an example of something that has undergone a chemical change.
13. What key pieces of evidence (list five) indicate that a chemical change has taken place?
14. Differentiate between a quantitative & qualitative observations. Give examples.
15. Define the terms reactant & product.
16. Define the Law of conservation of mass.
17. Define the Law of constant/definite composition.
18. Define the Law of multiple proportions.

Assessment Rubric

Achievement Categories	LEVEL 4 (80-100%)	LEVEL 3 (70-79%)	LEVEL 2 (60-69%)	LEVEL 1 (50-59%)
• Knowledge of facts and terms • Understanding of concepts, principles, laws and theories	Demonstrates <u>thorough</u> knowledge and understanding	Demonstrates <u>considerable</u> knowledge and understanding	Demonstrates <u>some</u> knowledge and understanding	Demonstrates <u>limited</u> knowledge and understanding
• Communication of information and ideas • Use of scientific terminology, symbols, conventions, and standard units	Communicates with high degree of clarity and precision	Communicates with considerable clarity and precision	Communicates with some clarity and precision	Communicates with limited clarity and precision
